

THE OCALA BANNER

The paper "Of the People, for the People and by the People."

OL. XXXIX, NO 1

OCALA, FLORIDA, FRIDAY, JULY 22, 1904

DO. LAR A YEAR

SARA ELIZABETH HARRIS, Local Editor

HAPPENINGS ABOUT TOWN.

Mrs. Charles Rheinauer has gone to Seabreeze where she will spend a month.

Mr. L. J. Brumby, editor of the Florida Fruit and Truck Grower, is visiting at White Springs.

For the next 30 days. Wall paper at half regular price. J. Starr Sternberger. 7-1

The Ladies were out yesterday looking after the cemetery and putting it in order. They are deserving of all praise.

The store building of Messrs. McIver and Mackay is looming up big and when completed will be one of the most spacious and most commanding in Ocala.

Mrs. Edward L. McIntosh is at home again after a very delightful visit with relatives and friends in Columbia and Newberry, South Carolina.

Raiford W. Ditto, of the Springfield pharancy, left last evening over the S. A. L. Ry. for the mountains of North Carolina for a rest of two weeks.—Jacksonville Metropolis.

Fred Cook and Allen Love will be given a preliminary hearing before Justice Waid today charged with the murder of William Ruth and Isaiah Pitts.

Ernest Watson, of Jacksonville, is here on a visit to his brother and sister, Mr. and Mrs. F. L. Watson. After spending a short while here he will go to the mountains of North Carolina and later to the St. Louis Fair.

Fate Holland was tried before Justice Waid yesterday for assaulting M. Rubens. The fine imposed upon him and cost of court amounted to \$26.64. If he fails to pay the fine he goes on the hard roads for 60 days.

Ex-Senator A. S. Mann, national good roads organizer, was in Ocala yesterday and entertained us for an hour or more. He was on his way to Crystal River, where he will spend some time with his friend, Col. Nic Barco.

Jundge and Mrs. W. S. Bullock and sons and Miss Alice Bullock went down to Palatka yesterday via the Ocklawaha river in company with Captain Howard on his boat, the "William Howard." They will return Sunday.

The Turpentine Operators Association will hold its fourth annual meeting in Jacksonville September 10th. President Lang urges the Ocala "sub" to be present with the largest delegation and thus keep up its reputation.

Mrs. S. R. Birdsey, jr., who came to Ocala to be present at the funeral of her mother, the late Mrs. Robert Bullock, whose death occurred Sunday, July 10th, left last night for her home in Macon, Ga. Her sister, Mrs. Harry Wright will remain in Ocala awhile longer.

Misses Sallie and Leta Camp and Master William Camp leave today for Suffolk, Va., to join their parents and sister. They will all then go to the mountains of North Carolina to spend two months. Col. and Mrs. Camp and Miss Camp were expected home this week but owing to the former not being very well they have decided to remain away all summer.

Mr. Edward Holder was in the city yesterday, returning from Atlantic Beach, where he had been spending a few days with Mrs. Holder, who injured herself slightly last Saturday while bowling. Her friends will be delighted to learn, however, that she is now all right again. Mrs. Holder has the reputation of being one of the most popular matrons at the Continental.

Miss Rexie Todd's Party.

Fourteen of the little girl friends of Miss Rexie Todd were entertained by her in a most beautiful manner yesterday afternoon.

It was Miss Rexie's eighth birthday and she invited her little friends to come and help her enjoy the afternoon. She was assisted in the pleasures of the afternoon by her mother, Mrs. C. C. Todd, her grandmother, Mrs. Green and Misses Margaret Taylor and Sara Harris.

For quite awhile games were played on the front lawn and then later a flag hunt was enjoyed. Quite a number of tiny flags had been hidden about the yard and the children had great fun trying to find their hiding places. Miss Tommie Standley found the largest number and to her was given a very pretty silk flag as a souvenir.

The next contest was pinning stars on the U. S. flag. A large flag was hung from the banister and each child blindfolded was given a small star to try to pin on one of the stars on the flag. Quite a number came very near reaching the desired spot but Miss Nettie Chambers was fortunate enough to pin her star directly over one of the stars in the flag and so she received the prize, a box of candy, tied with red, white and blue ribbons.

After this contest more games were enjoyed and then the little ones marched into the dining room by twos. The hostess and Master James Chace, the only boy asked to the party, led the march.

On the center of the table was a birthday cake in which were burning colored wax candles, signifying the age of Miss Rexie. Ice cream, cake and candies were served and were greatly enjoyed.

Quite a number of pretty birthday gifts were presented to Miss Rexie and in every way her party was a great success.

A House Breaker Arrested.

Joe Daniels was tried yesterday before Justice Waid for breaking and entering the boarding house and restaurant of Early Johnson, near the city market.

The proprietor of the house was awakened by Daniels striking matches, he had a big knife in his hand and went to each of the sleepers for the purpose of robbery and murder if he encountered resistance. When hailed by Johnson, the proprietor, Daniels said he was on the war-path and that he had better look out.

The noise awakened some of the sleepers and Daniels was finally driven from the house.

It was not long before he returned and broke into the green grocery store of N. Stevens, next door to Johnson's.

Mr. Tipton, who lives directly opposite, saw the negro enter the building, notified the policeman, and he was arrested in the building.

Daniels was bound over to the circuit court.

No Pity Shown.

"For years fate was after me continuously," writes F. A. Gullidge, Verbena, Ala. "I had a terrible case of Piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for burns and all aches and pains. Only 25c. at Tydings & Co's. Drug Store. m

Off For Lake Weir.

Yesterday afternoon quite a party of Ocala people went down to Lake Weir, where they will spend a week or ten day. In the party were Mrs. G. S. Scott, Misses Louise Scott, Meta Jewett, Ethel Robinson, Mary Anderson and Sue Anderson. They were preceded the day before by Laurence Scott and Emmett Robinson.

The party will stay in Mr. Woodrow's cottage, Blair Villa, at East Lake and are anticipating a royal good time, fishing, boating, etc., in this famous lake.

Talking Up the Interior.

At the Aragon Hotel yesterday there were two gentlemen industriously an enthusiastically discussing the great prosperity of the interior towns of Florida. They were George K. Robinson, of Ocala and E. M. Cheney, of Orlando.

"There is no discounting the fact," said Mr. Cheney, "that the interior towns are coming into prominence. We have, down in Orlando, outlived the freeze, and to-day we are more prosperous than ever. We are building good streets and taking and active part in the construction of good road. I am confident that we will double our population in ten years. There are all kinds of improvements going on, and Orlando is to-day the best interior town of the state."

"I don't agree with you," said Mr. Robinson. "In Ocala there is not a vacant store, a vacant warehouse or a vacant dwelling, and the railroads are using all of their flatcars in the state to haul lumber to Ocala for building puposes. We are to Florida down there what Atlanta is to Georgia. We are going ahead at a rate that frightens the natives of Gainesville, who have always watched us grow with a jealous eye. But, by the way, Gainesville is booming. If this thing of building keeps up they will need a brick yard or two in that city or near by in order to supply the demand. They tell me that they are preparing to build a solid line of brick blocks from the public square down West Main street to the Atlantic Coast Line yards."

And Edwin Brobston, the Jacksonville real estate dealer, was listening to what was being said with open-mouth astonishment. Jacksonville is not the only city on the map.—Times Union.

To Be Married August Third

Miss Florence Elisabeth Delp, of German Valley, New York and Mr. Edwin Christy Welsh, of Cornell, Florida, will be united in marriage on the afternoon of Wednesday, August the third.

Invitations have been received by friends of the groom in this city and unite in wishing him a happy married life and will give his wife a warm welcome. Mr. Welsh is the president of the Northern & Southern Lumber Company at Cornell, eight miles south of Ocala.

Mr. and Mrs. Welsh will take and extended bridal trip returning to Cornell about September first.

A New Editor.

Miss Jeffie H. Bell, formerly of this city, has assumed the city editorship of the Tallahassee Daily Capital. The Capital says: "Miss Bell is an educated lady and goes at her work with pride and a vim, which will inure to the advantage of the Capital readers."

We congratulate the Capital on securing the services of Miss Bell, whose work, we know, will be a splendid addition to this bright daily.

The Ocala Banner welcomes her into the newspaper fraternity.

baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27th, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c, \$1.00 bottle. Sold by Anti-monopoly Drug Store. m

Notice.

Any one having old relics, freaks of nature, heirlooms, Indian relics, old implements of war of any kind, curious fish, birds, sea shells, bird eggs, rare plants, old books, manuscript, fancy work, bits of native wood, grain, fruits, bones of rare animals, etc., etc. Bring or send them to Dr. G. N. Davis, Crystal River, Fla., at once. He wishes a car lot of such to carry to the World's Fair at St. Louis, Sept. 10, 1904. 6d 1mw

World's Fair at St. Louis.

The attendance at the St. Louis Fair is increasing notably. The receipts for the last half of June was something over \$500,000. The 40 per cent of this went to the government met the pending claim, and the expectation is that the payment due in July will be made without trouble. The prospect of the government having to take over the enterprise and run it to secure its loan is now slight. This is gratifying not merely for the people who invested their money in the exposition, but on the ground of national pride and national education. This fair is one of the things which ought to be seen by all intelligent Americans. The interest in such great shows has notably subsided in recent years, and the experience of St. Louis will discourage the repetition of the undertaking in this country for a good while. Therefore, the chance to see the remarkable architecture and the instructive exhibits now on view there will not come again soon.—Brooklyn Eagle.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This remedy is certain to be needed in almost every home before the summer is over. It can always be depended upon even in the most severe and dangerous of cases. It is especially valuable for summer disorders in children. It is pleasant to take and never fails to give prompt relief. Why not buy it now? It may save life. For sale by all druggists. m

Bonds Win by a Large Majority.

The election Tuesday passed off quietly and those who favored bonding the city for the amount stated in the ordinance won with hands down.

There were 254 votes polled and 242 of them were in favor of bonds.

It was a splendid endorsement for those who favor pushing the city forward.

Mr. and Mrs. William B. Lamar, who were recently married in Atlanta sailed for Europe on the White Star liner, Baltic, on the 13th of July. The Baltic is the largest passenger boat ever built. It has four decks is almost as big as the Lucania and Campana made into one. If the Park Row and the St. Paul, the two largest buildings in New York, were placed one on top of the other it would still lack 108 feet of being as long as the Baltic. She can carry 3,000 passengers besides a crew of 250. All her first class accommodation is amidship. The grand dining saloon, situated on the upper deck, is a very handsome apartment, and extends the full width of the ship—seventy-five feet. It has seating accommodation for 370 persons, is exceptionally lofty and airy, and with its effective scheme of decoration, which unites artistic taste and brightness of aspect can claim to be one of the most palatial saloons on the Atlantic.

Americans are known as a dyspeptic people. The extent of this disease may be inferred from the multitude of so called "medicines" offered as a remedy. They are often in tablet form and have no value except as palliatives of the immediate effects of dyspeptic. The man who used them may feel better but is surely getting worse. They do not touch the real cause of the disease. Dr. Pierce's Golden Medical Discovery is a medicine specially prepared to cure disease of the stomach and organs of digestion and nutrition. It is not made to give temporary relief but to effect permanent cure. In ninety-eight cases out of every hundred it cures perfectly and permanently.

It has cost Dr. Pierce \$25,000 to give away in the last year the copies of his People's Common Sense Medical Adviser, which has been applied for. This book of 1008 pages is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mr. Edward Holder, of Ocala, passed through the city Friday on his way to the Continental to join Mrs. Holder, who, on account of an accident, is confined to her room. Her friends will be pleased to know that she is improving and hopes soon to be entirely recovered.—Sunday's Times Union.

AN EXCEPTION

"A prophet is not without honor, save in his own country" is a proverb that does not always apply. For instance about 1000 people in this country do business with

MUNROE & CHAMBLISS, BANKERS,

OCALA,

FLORIDA

Master Henry Blount gave a number of his little friends a delightful picnic party at Silver Springs. They went out in several buggies and were chaperoned by Miss Gertrude Peyser and Miss Bessie Porter. The young folks spent the time most happily and presented a pretty picture on the return drive, each vehicle being made most festive with decorations of pink crepe myrtle, mosses and pink boughs.

The Ocala Daily Banner reports June as the best month in its financial history. Ocala certainly has every reason to be proud of her excellent daily, and it must be gratifying to the distinguished "Ocala editor" to see his able efforts appreciated. Frank Harris stands by common consent, at the head of Florida journalism, and in this Ocala is again to be congratulated.—The Florida Fruit and Truck Grower.

Mr. Jack Horner umpired the ball game Wednesday afternoon between the Banners and the Stars. There was not a single kick and his decisions were perfectly fair and exact. It is the consensus of opinion that it was the best umpired game ever played in this city. Mr. Horner is perfectly familiar with every baseball and the most up-to-date phases of the game.

Dr. Andrew Sledd, who has been chosen president of the University of Florida, has long been recognized as one of the foremost educators of the south, and under his wise direction the University cannot fail to grow and prosper as never before. The board of trustees could not have made a better selection.—Lake City Reporter.

Mrs. J. H. Curry, formerly of this city but now of Palmetto, passed through Ocala Friday afternoon on her way to New York to visit her daughter, Mrs. E. S. Halsey, who before her marriage a few weeks ago was Miss Sussie Curry. Mr. Halsey is a prominent young electrician and inventor of New York City.

The Gainesville and Ocala colored baseball teams played two games of ball in that city, one on Monday and one on Tuesday afternoon. In both games the Gainesville "young league" were victorious.

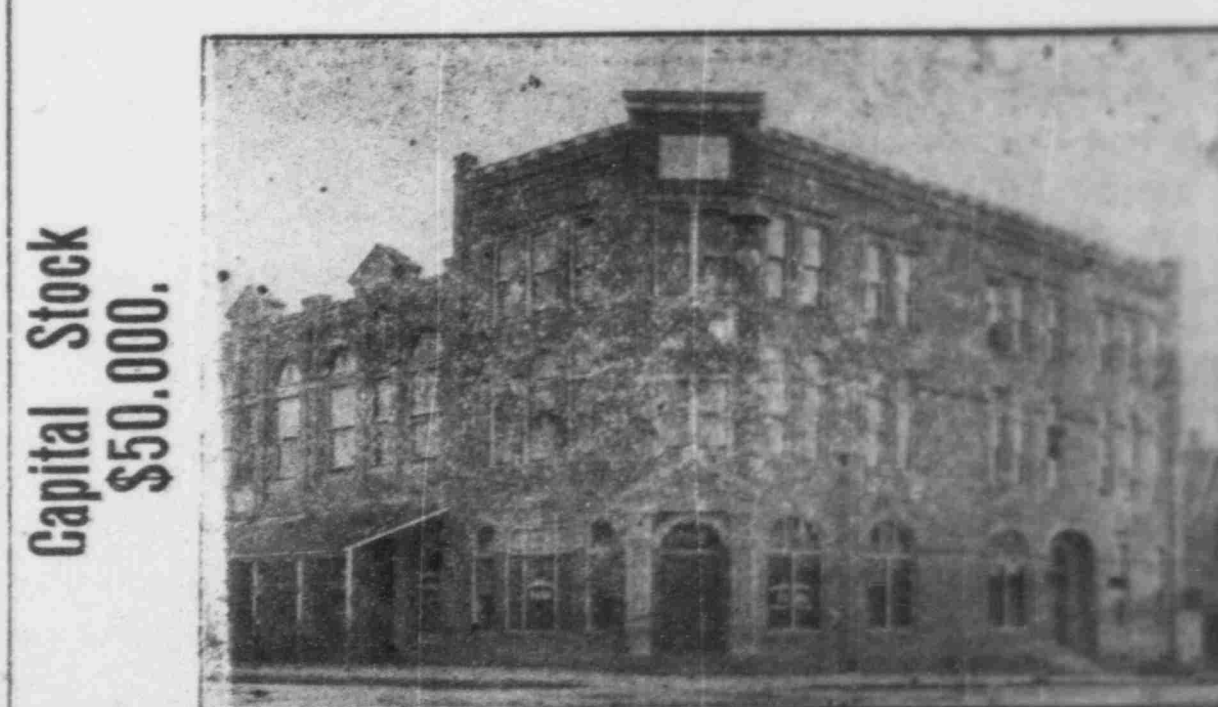

Mr. Laurence Scott went down to Lake Weir Wednesday afternoon. He will be joined today by his mother and a party of young people and they will remain at the Lake for about ten days.

Mr. Davis may be getting along in years, but we are assured that he would like to meet some of his critics in a go-as-you-please, ten to fifty miles.

The Kind of Democratic Bryan is.
Col. Bryan said to the convention: "Twice I have borne the party standard, but today, as a private citizen, I am more interested in the democracy's success than when I was a candidate."

Had Texas listened to the scientists Texas would not have the weevil today. They warned the people of Texas and even asked the legislature to protect the cotton belt by destroying cotton fields this side of the Rio Grande, yet some people "cuss" the scientists and say they do not know what they are talking about.—Gonzales (Tex.) Inquirer.
